* The Special Committee on Chapter Organization is a task force that will work on how MALL can use organizational tools as well as knowledge management tools to create an online system that will provide a year-to-year history of what the chapter did and how the work was accomplished. It may be a wiki, a database, or other online system. The goal is to create an online go-to place that allows us to know what we know without relying on individual memories or individuals who are no longer part of the group. **Committee Preference #**
