Subject: AALL Government Relations Committee Liaison

Dear Chair,

Nice talking with you about government relations activities. Here are copies of the latest current awareness handouts I've prepared for CALL membership:

Attach1 – Report on Significant Legislation Attach2 – News Items, Analysis

The ABA stuff concerning UCITA is on the second page of the Special Events, News, Commentary, Programs handout. The item reflects the latest information I have (taken, as I say, from official library news sources). I have to say I'm curious about how that ABA project is going.

I'd be very interested in getting copies of what formal materials you prepare. *Your* Newsletter copy looks terrific and is very helpful! If your committee members get involved in preparing *Your State*-focused materials, I know AALL would be delighted to know about it. I can back you up in getting your important work recognized.

I regularly participate in AALL Government Relations Committee conference calls. Please view me, as a liaison, as a way of getting news, requests for assistance or support, etc., to the AALL Washington Office and AALL membership. I'll serve well in being a pipeline for things that aren't necessarily urgent, but are things to watch, etc. All this keeps a network alive and growing.

Thanks. I'll try to keep in regular touch.

Sincerely,

Richard Matthews
Chair, CALL Public Affairs Committee
Member, AALL Government Relations Committee
