

## New Product Award Nominations Sought

Discovered any great, new library products this year? If so, let the [Committee on Relations with Information Vendors \(CRIV\)](#) know. **Nominations for AALL's New Product Award are due by January 15, 2005.**

The [New Product Award](#) honors a new legal information product that has been in the library marketplace for no more than two years. The product must be commercial; enhance or improve existing law library services or procedures; and be an innovative product that improves access to legal information, the legal research process, or procedures for technical processing of library materials. Products that have been re-introduced in a new format or with substantial changes are eligible.

We encourage AALL members to think about the exciting new information products they use in their libraries and send us their nominations for this award. Self-nominations are also encouraged.
