GRANTS/AWARDS/STAFF ACCOMPLISHMENTS

Brian Huffman received a Gates grant to attend the Public Libraries and Access to Justice Conference, Austin, Texas, January 11-12.

The law library applied and obtained a \$25,000 LSTA (Library Services and Technology Act) grant. The grant monies were used to purchase laptops, projector, printer, carrying case and software. In 2011 the technology will be utilized to present monthly public legal seminars throughout branch libraries on various legal topics (i.e. divorce basics, child support, tenant/landlord, etc).

Brian Huffman obtained a MALL academic scholarship (May) to assist with his MLIS degree at St. Catherine University.

LIBRARY MOVE

The law library moved to its permanent location in the Courthouse in November.

BOARD MEETINGS/RESOLUTIONS PASSED

The Board met on the followings dates: May 6, 2010 and August 6, 2010. No resolutions were proposed or passed in 2010.

LAW LIBRARY USAGE AND MATERIALS PROCESSING

2010 was the year the law library moved to its permanent location in November and completed barcoding and RFDI tagging of the entire collection. Despite all this disruption, usage increased - the library experienced a 38% increase in patron assistance.

The majority (59%) of law library users continue to be the public. Attorneys (including court and county attorney) are second (23%) with phone and e-mail patrons at third (17%) (See Appendix B).

The most common type of service provided by library staff was referrals, directional and technology assistance (27%). Next was reference using print resources (25%). The third most common service provided was reference assistance using online sources (21%) (See Appendix C).

We do have a fair number of unassisted patrons (17%) though this number continues to decrease over the years. The patrons included in this category came into the law library to use the resources or the equipment (computers or copier), but did not require assistance; or they came into the law library in search of a quiet place to work (See Appendix C).

Usage and Materials Processing Summary

	2009	2010	% change

Total Items Withdrawn	113	130	+15%
Items Mailed/Emailed/Faxed	49	127	+259%

* Does not include patrons who used the library, but did not need assistance from the library staff.

SELF-SERVICE CENTER USAGE

General use of the Self-Service Center has declined this year, as in the past. In contrast, inquiry into the clinic has increased by 30% and use of the Legal Advice Clinic has increased by 10% (see Appendix H). The Self-Service Center was consolidated into a common space with the law library at the permanent location in November. Starting in 2011 the law library will only keep statistics on legal advice clinic appointments scheduled.

Attorney Mimi Hasselbach presented a report on the six-month pilot project for the Criminal Legal Advice Clinics to the Board in May. Hasselbach reported that use was not as high as anticipated. It was suggested that the clinic be continued from June 1, 2010 through December 2010. The Board approved the continuation.
