

SCCLL Strategic Planning Committee
2006-2007 Annual Report
by Sara Galligan, Chair

The 2006-2011 Strategic Directions of the SCCLL-SIS, as proposed by the 2006 SCCLL Strategic Planning Committee, were approved in Fall 2006. Members were notified of the new plan, and it was published on the SCCLL website. The new plan provides a five-year outlook that aligns our SIS with AALL's overall strategic directions for 2005-2010.

In late March 2007, the committee conducted a listserv discussion that focused on main areas of the new strategic plan: advocacy, leadership, education, and training/mentoring. During March 27-30, each of the four main areas was scheduled to one full day during the four-day discussion period (March 27-30). Members involved with moderating the discussion were Marcus Hochstetler, Larry Meyer, Cathy Lemann, and Barbara Fritschel. Members offered much feedback and responded to several questions posed by the moderators. Judy Meadows graciously agreed to summarize the SCCLL's March 2007 listserv discussion; her synthesis, which was published in the spring newsletter, tied together some thoughtful and very important commentary from our members.

Other members of the Strategic Planning Committee for 2006-07 were Barbara Fritschel, Barbara Golden, Marcus Hochstetler, Catherine Lemann, Terry Long, Kim Ostitis, and Lisa Rush.
