The State, Court and County Law Libraries Section is a special interest section of the American Association of the Law Libraries which has as its purpose the improvement of the quality and services of its members' libraries and the promotion of the mutual interests of those libraries. A subscription to the NEWSLETTER costs non-members \$5.00 a year. Previous issues of the NEWSLETTER were entitled SCLL NEWSLETTER, Vol. 1-4; a limited number of back issues are available at \$2.50 per copy.

Neither the American Association of Law Libraries nor the State, Court and County Law Libraries Section assumes any responsibility for the statements or opinions of contributors to this NEWSLETTER.

CHAIRMAN'S PAGE

Another year has nearly ended, and it is time to give a brief review of SCCLL's progress and to help prepare the way for those who will lead the Section in the coming year.

SCCLL has become influential in law librarianship mainly through the steady work of two of its standing committees, Standards and Statistics. This year the Standards Committee has added a new achievement to its list: it has drafted Standards for Canadian Provincial Law Libraries and will present a report on the status of Standards for Federal Court Libraries at the Business Meeting in St. Louis.

The Statistics Committee is working on questionnaires to be sent to State Law Libraries and Supreme Court Law Libraries. These are in addition to the familiar questionnaire on County Law Libraries, which is being updated.

Since most of the work of SCCLL is done in committees, I urge SCCLL members, especially our newer and younger ones, to sign up for committee work. (A Committee Preference List has been provided on another page of this Newsletter for your convenience.) Working in committees gives one contact with other law librarians throughout the U.S. and Canada and at the same time gives an individual a chance to influence the direction of SCCLL. Committees are also a fruitful source of future SCCLL officers; so please avail yourselves of this opportunity.

This SIS now numbers over 220 members. That represents a lot of talent and energy, but much of that talent and energy is untapped. All the committee members and Executive Board members combined make up hardly 10% of the total membership of SCCLL.

The Program at St. Louis, which is detailed on another page of this Newsletter, promises to be a most practical and detailed presentation of problems (and solutions) posed by court records

management, retention and preservation. Judy Foust, this year's Program Chair, has assembled a group of speakers who have had practical experience in this field, and the four-hour presentation should provide solid information to take home. This program is of course open to all AALL members who may wish to attend. You will find a Registration Form for this SCCLL meeting on another page of the Newsletter. It is for the convenience of those who may not have found theirs in the AALL Registration Packet mailed out in April.

I extend my thanks to all the SCCLL committee chairs and committee members for their hard work during this year. And to the members of the Executive Board for their cooperation. My especial gratitude to Judy Foust, who has worked up such a splendid program for us this year, and to Rosa Wright in charge of our complicated finances and Local Arrangements in St. Louis.

I hope that many of you will plan to attend the meeting in St. Louis, and I look forward to seeing you there.

John A. Sigel
Chairman, SCCLL 1979-80
