Logos

Background Information
Georgia State University College of Law Library has created two logos. We have a logo for the library itself, which ties directly in with similar logos for the College of Law and the university. We have also created a logo for our Library Abridged program, a table event in which Reference/Student Services Librarians provide students with handouts highlighting library resources and events as well as coffee and cookies. Two versions of this logo are included, the full version, as well as a simpler, less text-heavy version.

Contents
This packet contains the following documents:
Law Library Logo (p. 1)
Library Abridged Logos (p. 2)

Contact Information
These logos were created by our university relations department and by Reference/Student Services Librarian Deborah Schander. Questions can be directed to Deborah (dschander@gsu.edu).
