

TUES. 7/13 10:45AM — 14: TURNING THE PAGE: E-BOOK READERS IN LAW LIBRARIES

2010 AALL ANNUAL MEETING AND CONFERENCE

Date/Time: Tue, Jul 13 10:45am - 11:30am

Location/Room: CCC-Room 205-207

E-books for devices such as the Amazon Kindle, Sony Reader, and iPhone are a small but growing segment of the total market for books. As time passes, more law students, lawyers, and other law library patrons will likely be reading some books - including law books - on e-book readers. What should law librarians know about these technologies? In what ways might legal publishers tailor books and other content for e-readers? Should law libraries start to acquire e-book readers and e-books, or wait for further developments? The presentations and a follow-up audience discussion will address these questions and related issues.

Coordinator & Moderator:

Scott Frey - Western State University College of Law

Speaker(s):

June Liebert - John Marshall Law School

Lyonette Louis-Jacques - D'Angelo Law Library, The University of Chicago Law School
