

# SAT. 7/10 9:00AM — LAWBERRY CAMP

---

## 2010 AALL ANNUAL MEETING AND CONFERENCE

Date/Time: Sat, Jul 10 9:00am - 5:00pm

Location/Room: CCC-Room 601

Lawberry Camp is a full-day workshop operated in an unconference format. The programming for the unconference will be determined by the participants - there will be some discussion and planning before the Annual Meeting, but the final program will be determined on the day of the workshop. Programming will take the form of roundtable discussions and brief "lightning talks." There will also be more enjoyable activities such as a "BattleDecks" PowerPoint karaoke competition at the end of the day. Participants will be able to learn about a wide variety of topics from librarians of all experience levels and work environments. They will also be able to share best practices and projects that they are working on in their institutions. For details and registration information for this CS-SIS-produced workshop, click [here](#).
