PREFACE

JURISDOCS is the newsletter of the Government Documents Special Interest Section (GDSIS) of the American Association of Law Libraries. JURISDOCS has been in publication since 1978. It is the publishing "arm" of the GDSIS and, as such, the focus is on governmental activities. It fulfills the primary purpose of a newsletter: to provide news and information.

The GDSIS is a diverse group in interest and talents of its members and in the holdings of the individual libraries. This diversity is reflected in the information contained in JURISDOCS. The JURISDOCS Cumulative Index (Index) was designed to be representative of that diversity. The Index sets out separately the Officers, Editors, Depository Library Council Members, Sponsored Programs, and the AALL Occasional Papers for ease of access.

A decision was made to create a thesaurus to aid in the process of classifying and indexing JURISDOCS. To that end, an authority list was created. The names and affiliations of individuals were taken from the AALL directories in the applicable years. The titles and designations of Sponsored Programs were taken from the official AALL programs. The Depository Library Council Members were taken from the Depository Library Council list in Washington, D.C. The Occasional Papers names, titles, and dates of publication were taken from the individual title pages. Questions of form were resolved by the A Uniform System of Citation and The Chicago Manual of Style.

We created a thesaurus from the research and reference materials in Anglo-American law and government studies. The thesaurus assumes the following policy guidelines which are reflected in the Subject/Name Index entries:

a. any combination of alpha-numericis is a word;
b. letters are not hidden;
c. an acronym is used when it is common usage;
d. use of brackets indicates an addition;
e. a distinction is made among articles, reviews, compilations, and information sharing which is compatible with the cross-referencing and added entries.

Every attempt has been made to provide the broadest scope and fullest depth in the culling of terms to be used as entries. It is our sincere hope that we have successfully accomplished our goal to provide thorough and easy access to the information in JURISDOCS.

Finally, we wish to thank our colleagues in Houston, St. Louis, and Champaign who have shared resources with us. We wish to give a special thanks to our colleagues at AALL headquarters who located and provided essential materials. We are grateful for the help and encouragement.
