

# 2008-2009 SCCLL-SIS Technology Committee Report

## Accomplishments

Undertook an information audit of files on the AALL server relating to the SCCLL Website. Rearranged and tidied up the archive files. Removed old materials.

Updated Toolkits and other resources

Placed an article in the SIS newsletter about the new information on the website

## Discussion List

One of the issues that was a goal for this year was to determine who could track discussion list posts that could be added to the website as additional content for the Toolbox. We will continue to explore this issue and likely assign this responsibility to a Technology committee member.

## CHARGE

The SIS Website is our most prominent illustration of the varied communication talents and legal information expertise of our members. The continued development and reorganization of this major marketing and information resource is of paramount importance.

## GOALS

A. Annually evaluate and expand content of web site

Ideas for new content include:

- Section for marketing strategies & public relations ideas
- Section for links/bibs of member publications
- Section for links to SCCLL member libraries outreach initiatives (Wisconsin State Law Library newsletters)
- List of SCCLL VIPs
- Executive board & committee minutes
- Post relevant listserv discussion on website and assign task of saving listserv discussions for posting on the web site
- More photos

B. Create and maintain a manual of procedures and/or timeline for the committee
