Technology Committee

Annual Report FY 2019

This year the Technology Committee has continued to work with Chris Siwa at AALL to update the Government Law Library SIS web site. Most of the work is routine and includes updates to the newsletter, changes committee members, uploading annual reports, and setting up forms for GLL grants, and awards. The committee has also worked with Malinda Muller on the GLL mentoring skills inventory by monitoring for new mentors who have signed up via SurveyMonkey and adding new mentors to the GLL website.
