

## **REPORT OF THE STANDARDS COMMITTEE**

**DATE:** July 1, 2020

**TO:** James Durham

**FROM:** Standards Committee Chair, Larry Meyer

**RE:** Report of the Standards Committee

The 2019- 2020 Standards Committee began the year looking at the current standards from the standpoint as to whether they should be updated this year or further into the future. With the CoronaVirus/Covid19 crisis taking major precedence during the year, the Committee via the Chair recommends that the 2020 – 2021 committee take another look at revising the standards once committee members' day-to-day regime returns to a more normal and predictable schedule.
