

Micrographics & Audiovisual SIS 2014-2015 Annual Report

The Micrographics & Audiovisual Special Interest Section focuses activities in three key areas: presentation, production, and preservation. We promote the use and production of audiovisuals and graphics, audiovisual collection development, and the legacy management of microform collections.

This year we produced an independent program titled, "Demonstrative Evidence, Courtroom Technology, and Trial Practice", for the annual conference and it was well received by the audiences.

We recognize that our roles and activities are evolving with the changes in educational technology and the technological marketplace. To better engage students, faculty, and practitioners in the 21st century, the members of the MAV-SIS see a need to re-envision our organization. Ryan Overdorf, our 2012-13 Past-Chair, chaired a task force that polled MAV-SIS members to determine how we can best address their needs. The Board of our SIS had a business meeting during the annual conference. All board members agreed to change our SIS's official name from Micrographics & Audiovisual SIS to Digitization and Educational Technology SIS. A formal name change request has been submitted to the AALL Chair of Bylaw committee but no further action was taken during the year and will be addressed again at the annual business meeting.

The Board and members of the SIS have elected Laura Ray, Outreach & Instructional Services Librarian, Cleveland-Marshall College of Law as Vice-Chair/Chair-Elect and Patricia Sayre-McCoy, Head of Law Cataloging and Serials, University of Chicago D'Angelo Law Library, for the term of 2015-2016.

2014-15 MAV-SIS officers were:

Chair
Joel Fishman
fishman@duq.edu

Vice-Chair/Chair-Elect
Micheal T. Klepper
mtk@virginia.edu

Secretary/Treasurer
Terrence McCormack
Cormack@buffalo.edu

Immediate Past Chair
Wei Fang
wfang@kinoy.rutgers.edu

See our web site (<http://www.aallnet.org/sections/mav>) for additional information.

Respectfully submitted,

Wei Fang, 2013-2014 MAV-SIS Chair
