ON-LINE BIBLIOGRAPHIC SERVICES SIS

From the Chair
submitted by Ermina Hahn

The membership of the SIS continues to expand and presently stands at 252. Plans are going forward for the production this year of a membership directory. Information for this will be solicited with the membership survey. Prompt returns will facilitate the compilation.

The use of word processing equipment is also being sought to produce the directory. The offer of such assistance by a member whose library has this facility would be most appreciated. Please contact Ermina Hahn at the Rutgers Law Library, 15 Washington St., Newark, New Jersey 07102.

Three programs are being planned for the summer annual conference in Houston. The program coordinators and their topics are Suzanne Thorpe, "Site Planning for Automation"; Regina Wallen, "On-Line Serials Control"; and James Larrabee, "Current Developments in On-Line Systems: Interlibrary Loan and Document Delivery." A number of speakers have been contacted, and a more complete outline of the programs will be presented in a forthcoming issue of TSL.

A proposal was made at the last business meeting that the by-laws be revised to allow mail-ballot elections and possibly by-law changes as well. Volunteers are solicited to serve on a Committee to draft the suggested changes. Names should be submitted by March 1st to Ermina Hahn (address above) or by phone (201) 648-5977.

Nominating Committee

A Nominating Committee has been appointed to propose candidates for the offices of Vice-Chair/Chair-Elect, Secretary/Treasurer, and Advisory Board Member of the OBS-SIS.

The committee members are: Mary Pauli, Chair (State Law Library of Montana); Dennis Benamati (University of Maine School of Law); and Margaret Lundahl (Isham, Lincoln & Beale, Chicago).

The committee will welcome any suggestions, or offers to serve, from OBS-SIS members. The only restriction is that the candidates for Vice-Chair/Chair-Elect must be from an RLIN institution, as part of the section's rotating-chair policy.

OCLC Subcommittee

submitted by Sue Roach

The following excerpts, slightly rephrased, are from a memo to OCLC Users Council from Sharon Walbridge at OCLC. It concerns tapeloading at OCLC. OCLC plans to start tapeloading by the end of this calendar year. It will start with RLG member tapes because of both staff and system limitations. OCLC decided to implement a narrow matching sequence which will facilitate the tape loading development process, which will result in holding symbols being set.

If one record is found during the matching process, the holding symbol will be added to that record. If more than one record is found, one of which is a LC MARC record, the holding symbol will be added to the LC MARC record. If neither of these is the case, no holding symbol will be added. A printed record will be generated as part of the tapeloading process.

One of the requirements for OCLC doing this is that the tapes be from single institutions; no multi-institution tapes will be added. The tapes must also contain bibliographic records. Any record containing only a record identifier and a search key will be rejected.

If anyone needs any more information, get in touch with your network office or with Sharon Walbridge at OCLC.

RLIN Subcommittee

submitted by Diane Hillmann

The time has come to begin thinking about the agenda for our meeting in Houston. One suggestion is that we have some of the acquisitions users of RLIN speak about what the system does and does not do for them. I know that some of you who are not yet using acquisitions are thinking seriously about it, and it might help to have some candid remarks and solid information from those of us who have already made that transition. As far as I know, the law libraries using acquisitions at this point are: Berkeley, Los Angeles County, Brigham Young and Cornell. People from some of these libraries have agreed to be on an informal panel.

This meeting is scheduled for Monday, June 27th at 7:30 a.m. (sorry), and I expect that we would have some time for other issues you might wish to raise besides hearing from acquisitions users. I will be in contact with Jamie Ingram about our plans-- I have no idea what kind of participation RLG is interested in this year.

I would appreciate it if you could let me know what you think of the acquisitions idea and what other agenda items should be discussed. If you like the acquisitions idea, please let me know what particular aspects you are concerned about: costs, procedures, etc. Specific questions to be addressed to the panel would be great.

TECHNICAL SERVICES SIS

TS/SIS Questionnaire

The 1982-83 TS/SIS Membership Questionnaires have been sent out to 294 members, with hopes for an excellent return. In addition to gathering helpful suggestions regarding future programs and projects, this year's survey includes some questions on a potential merger of OBS/SIS with TS/SIS and on the scope and direction of our joint newsletter, the Technical Services Law Librarian.

One of the most important functions of the questionnaire, however, is the compilation of a directory of TS/SIS members, arranged by type of institution and indexed by function or job responsibility as well as by name. It is not only the Officers and Standing Committee Chairs who find this directory helpful but members who can call on a colleague in a similar position for ideas, advice, etc.

I encourage you to fill out the Directory portion and mail it immediately to Secretary/Treasurer Margaret Hall, Hennepin Co. Law Library, C-2451 Government Center, Minneapolis, MN 55487.

1983-84 Nominees Chosen

The Nominating Committee has prepared the following slate of officers for TS/SIS:

Vice-Chair/Chair Elect

Jacqui Paul (Delaware Law Library - Cataloging)
Merle Slyhoff (U. of Pennsylvania - Acquisitons)

Secretary/Treasurer

Elizabeth Ginkel (Cornell Law Library - Cataloging)
Wendell Johning (Indiana University - Tech. Services)

Members at Large (2 to be elected)

Donna Hirst (Univ. of Iowa - Tech. Services)
Michael Miller (Maryland State Law Library - Director)
Dana Spitzform (Dickinson School of Law Library - Tech. Services)
Linda Wirth (Georgetown Law Center - Cataloging)

Thanks go to the Committee for coming up with such a fine slate of candidates and to all the candidates for making such a commitment to serve the SIS and its members.

TS/SIS Bylaws allow for further nominations upon written petition of at least five members of the SIS. Such petitions accompanied by written acceptances of the nominees, must be filed with the SIS Chairperson not later than May 1, 1983. A ballot will be sent to members in the middle of May; the results of the election will be announced at the annual convention.

BY-LAWS REVISION FOR TS/SIS

Vol. 5 no. 3 (May 1980) was the last TSL issue which printed TS/SIS By-Laws in their entirety. At that time the By-Laws had been revised by Colleen Raker, Chairperson-elect, to be more substantive and similar to those of other SISs, as well as to account for the addition of a Cataloging and Classification Standing Committee. The addition of an Acquisitions and a Serials Standing Committee the following year required yet another revision, along with the insertion of a formal statement of purpose in the Cat./Class. Committee section.

While this third revision was being approved by the AALL Constitution and By-Laws Committee, I then discovered inaccuracies with regard to the method of filling vacancies of Board members, specifically that of the Standing Committee chairs and their status on the Board. Since the third revision (upon which TS/SIS has been operating for the past two years) has never really appeared in print, what you see below is a complete copy of the 4th revision with the full text of the section being changed from the 3rd revision. A vote will be taken at the Houston TS/SIS business meeting to approve this 4th (and hopefully, the last for awhile) revision.

TS/SIS Acquisitions Committee

Submitted by Annabelle Corrick Beach

A major purpose of this column will be to serve as a clearinghouse to exchange new ideas and discuss problem areas in acquisitions. Your input is very much welcomed and will contribute to the column's effectiveness. Please think about your operations: any innovations you have made, any particular problems you've encountered recently, or any long-term concerns that you would like to share. Standard items for the column will be new books and occasional bibliographies concerning acquisitions.

The acquisitions information bank is in need of more contributions. Send acquisitions forms, acquisitions policies/collection development statements, cooperative acquisitions programs and job descriptions to Merle Slyhoff, Biddle Law Library, University of Pennsylvania, 3400 Chestnut Street, Philadelphia, PA 19104, (215/898-7063. Merle will then forward the material to the compilers. See the last issue of TSLI or the AALL Newsletter for more detail. Please direct any questions or comments that you have about the project to Merle or to me if you wish to comment to the membership as a whole in this column.

In these times of increased fiscal accountability, an area of increasing importance for acquisitions is new materials promotion. Letting your publics know about what's new in your library is one way to show your worth. We briefly discussed in Detroit the role of acquisitions in this process, a role which often involves direct communications with various publics. When traditional lines of demarcation between technical services and public services are considered, the topic becomes controversial. Your thoughts ... ?

ON DESCRIPTION AND ENTRY

edited by Melody Lembke

The following questions were submitted by the editor to Ben Tucker, Chief, Office for Descriptive Cataloging Policy, Library of Congress.

If you have any questions that you think would be of interest to other law catalogers, please share them by sending the questions to the editor of this column.

1. Both of these examples are government publications. Both carry official government notices, laws, and regulations. Both would be recognized by experienced catalogers as representative of the type of publication known as an "official gazette."

Title page	Title page
Republique de Vanuatu Journal Officiel 25 Janvier 1982	Republic of Vanuatu Official gazette no.1
	KANSAS REGISTER State of Kansas vol.1, no.20 May 20, 1982

The first difficulty is to know whether 21.1B2a) applies or 21.1B2b). We could imaginatively consider this kind of official notice publication to be one that deals with the government "its internal policies, procedures, and or operations." This would lead to jurisdiction entry without subdivision or collective uniform title.

[Gazettes by the way were entered just under jurisdiction according to ALA rules]

BT: 21.1B2 category a) applies.

2. The special uniform title rules for Laws AACR2 25.15A1 and 25.15A2 do not cover 2 other instances of law publication: a) a separately issued part of a law and b) two laws issued together. Am I safe in applying the general uniform title rules 25.6A1 and 25.7 to these two types? See examples a) and b.)

BT: Yes

- a) I have a problem with the uniform title (see example a) established in the added entry for the California law. The part itself has a citation title; this appears in the work in hand and differs only from chief source title by dropping "California." I thought perhaps the title that LC established was that for the act as a whole, but I double checked and this particular law included 3 specifically named laws or parts with no citation title for the overall act.

Convention Discussion Groups

The Program Committee for the 1983 AALL annual meeting is adding a new feature: evening discussion groups. They are intended to be small groups to allow for sharing of thoughts, knowledge, experience, reactions, etc. The objective is group participation, not formal presentation. Several of the discussion groups planned at present are follow-up sessions to programs held during the day. A couple are directly related to Technical Services: "Recordkeeping in Small Libraries" and "Using Contributed Cataloging from a Bibliographic Utility." Informal rap sessions can sometimes be the most rewarding part of a convention. Please keep these "structured" rap sessions in mind when planning your schedule for Houston.
