

## **AALL Technical Services Special Interest Section**

### **Vice Chair/Chair-Elect Report, 2016-17**

This year presented some unusual circumstances as I was required to assume the responsibilities of the Chair in February 2017. Prior to this, I attended the Executive Board meetings, offered feedback in annual meeting planning, assisted in the drafting of a response to the AALL Executive Board's decision to discontinue funding for the TS Representatives to Cataloging Committees, and provided insight and recommendations regarding an ad hoc committee to review the status of the TS-SIS Standing Committees.

After assuming the responsibilities of the Chair, I also completed several tasks of the Vice Chair. This included conducting the Annual Volunteer survey, reviewing the results of the survey, and distributing lists of volunteers to the Chairs of the appropriate committees for the upcoming year. The survey response rate was very low and I would recommend investigating giveaways in the future (as was done last year).

I have also completed the required appointments and confirmed the continuing commitment of those in multi-year positions.
