Senator John Cornyn
Member, Senate Judiciary Committee
517 Hart Senate Office Building
Washington, D.C. 20510

Dear Senator Cornyn,

The undersigned organizations committed to government openness and accountability would like to express our sincere gratitude for your leadership in ensuring the removal of the Exemption 10 provision from the Cybersecurity Information Sharing Act (CISA), S.754. This provision was the biggest threat to the Freedom of Information Act (FOIA) in recent years. Your leadership on this was essential to maintaining the Judiciary Committee's appropriate jurisdiction over the FOIA.

Our community also deeply appreciates your work in securing the removal from the Senate Transportation Bill (H.R. 22) provisions that would have created new unnecessary, overbroad and unwise exemptions to the FOIA. As you know, provisions such as these threaten to undermine the integrity of the FOIA.

Your efforts to protect the FOIA in these instances are characteristic of your leadership and commitment to the protection of freedom of information on the Senate Judiciary Committee. We appreciate the important efforts your office undertakes to defend government accountability to the public, as well as ensuring that no changes to the FOIA occur without careful consideration by the Senate Judiciary Committee.

We look forward to continued engagement with you and your staff to secure the passage of the FOIA Improvement Act, and are eager to work with you in advancing further necessary reforms that must follow on its heels.

Thank you for your continued leadership and support for the right to information, government openness and accountability.

Sincerely,
