CPE has already implemented changes to the grant form with the intention of clarifying the process of requesting grants and to help the committee better understand what applicants are asking for. We are also attempting to increase the visibility of the grants through publicity, including regular publication in Spectrum, and outreach to all AALL groups.

We are also planning on a series of webinars or another media platform on how to navigate AALL as a new law librarian, what it means to serve on a committee and introducing AALL staff to our members. Other educational webinars are also planned, including one on Immigration, scheduled for spring 2019
