As law libraries begin the process of reopening from COVID-19 shutdowns, librarians have a lot of questions about returning to serving patrons in person. Join the Government Law Libraries Special Interest Section (GLL-SIS) for a presentation by Timothy F. Kowalik, a professor of Virology at The University of Massachusetts Medical School. Dr. Kowalik will explain how coronaviruses are spread and how we can help to keep law library staff and patrons well while providing legal information services. Organizers will solicit questions prior to the program to help tailor the discussion to the needs of attendees. There will also be an opportunity to ask questions live.
