WASHINGTON UPDATE

KEY PROVISIONS FOR LEGAL INFORMATION INDUSTRY INCLUDED IN HOUSE COVID-19 RELIEF MEASURE

On May 15, the U.S. House of Representatives passed the Health and Economic Recovery Omnibus Emergency Solutions (HEROES) Act (H.R. 6800). The HEROES Act was developed by House Democratic leadership and is not expected to be considered by the Senate. The Senate’s leadership has not yet announced the Senate’s next steps on COVID-19 relief.

The $3 trillion package includes:

- $5 million for the Institute of Museum and Library Services (IMLS) to support grants to address the immediate impacts of COVID-19 on museums and libraries, including law libraries.
- $50 million for the Legal Services Corporation to address legal needs arising from COVID-19.
- $10 billion in grants and additional flexibility for the Small Business Administration’s emergency loan programs to support small businesses including solo and small law firms, nonprofits, independent contractors, and self-employed individuals.
- Authorization for the Library of Congress to extend certain contracts if such contracts are delayed or otherwise affected by the COVID-19 pandemic. AALL requested this additional flexibility for the Library of Congress in our letter to the Senate Appropriations Subcommittee on the Legislative Branch in support of the Fiscal Year 2021 funding request of the Library of Congress.

The HEROES Act also extends federal student loan relief, including expanding eligibility for the Public Service Loan Forgiveness program, and adds $599 million for the implementation of additional tax credit payments to individuals.

AALL will continue to advocate for the needs of the legal information industry, including economic relief for law libraries, as the Senate considers moving forward on COVID-19 relief.
