ORDER YOUR COPY / 2023 AALL STATE OF THE PROFESSION REPORT

The third edition of the AALL State of the Profession report is available to order on AALLNET. The report provides organizations and law librarians with the insights needed to understand the current legal information landscape, as well as prepare for the future. The report covers demographics, budgets, user services, collections, operations, technology, and more. This edition highlights how law libraries in various organizations have bounced back following the pandemic, especially with respect to budgets and remote/in-person work.

In addition to the exclusive interview with Law360 that AALL President-Elect June Liebert participated in, the report was covered by Bob Ambrogi in his LawSites blog and shared on InfoDocket. The report is available in digital, print, and a print + digital bundle.

NCBE RELEASES CONTENT SCOPE / BAR EXAM

The National Conference of Bar Examiners (NCBE) has released the content scope for the NextGen bar exam, outlining the breadth of material to be covered on the new exam in eight areas of legal knowledge and seven categories of practical skills and abilities. The content scope reflects the work of the content scope committee made up of legal educators, law school deans, practicing attorneys, and bar examiners. The committee’s recommendations are based on a three-year study of the bar exam, which included a nationwide practice analysis survey to identify the knowledge and skills that are necessary for effective practice by newly licensed attorneys.
